Ritangle	CKI	6+7	After discussion with students	TBA	No	Ritangle competition	Ritangle is a free maths competition aimed at teams of sixth form/college students running over approximately 10 weeks in the Autumn term. It's made up of around 24 'first round' questions, released daily on weekdays, which unlock information necessary to solve the final multi-part question. The problems are released throughout October and daily during most of November and the start of December.
Data Science Club	MGA/ALS	6+7	After discussion with students	MGA/ALS	No	Data Science Exam	The Data Science Exam evaluates students' expertise in data analysis, statistical modeling, machine learning, and data visualization. It encompasses practical problem-solving using programming languages like Python or R, emphasizing a comprehensive understanding of statistical concepts and data manipulation techniques. By successfully completing the course and its assessments, students are honored with an MEI certificate.
