

Summer 2025 External Examinations Post Results Services and Resit Guidelines

Post Results Services

During the first days of results, priority will be provided to Year 7 students with pending university applications. All other students may visit the Exams Office from 20th August onwards.

Exam grades should be a fair reflection of candidates' work, knowledge and performance in the subject taken. Sometimes, however, mistakes are made. If you believe that your result does not reflect the quality of your performance, you can ask for a review of marking.

Review of Marking Outcomes:

The following information explains what may happen when you apply for Review of Marking:

- a) **Your original mark is lowered**, so your final grade may be lower than the original grade you received.
- b) **Your original mark is confirmed** as correct and there is no change to your grade.
- c) **Your original mark is raised**, so your final grade may be higher than the original grade you received.

In cases (a) and (c) stated above, if there is a change **to the overall subject's grade**, either higher or lower than the original result given (i.e. from A to B or from B to A for the subject – not paper), you will be refunded the money paid for the review of marking.

Tips on whether to use the Review of Marking service:

Before deciding to proceed with a Review of Marking, firstly you need to:

- a) Ask yourself if you believe you did a lot better than the result outcome
- b) Check the grade boundaries and see how far you are from the next grade boundary
- c) If possible, consult your subject teacher or the relevant Head of Department for further advice.

PLEASE TAKE NOTE:

Any decision to undertake a Review of Marking is at the candidate's own risk as there is a chance the Exam Board may deduct marks, leading to a points' reduction for a particular unit, or even a grade reduction.

In general, we find that most grades do not change. Below is a graph presentation of whether grades have changed after applications at the English School, from 2018 to 2024 (no exams took place in 2020 and 2021):

Cambridge accepts post results services applications at component level (per paper), not at syllabus level (all papers together) for each subject. **Only one application can be submitted by a student for each subject.** Therefore, when submitting an application, make sure all papers you would like Cambridge to review for the subject are submitted at the same time. Cambridge will not accept additional applications by the student for the same subject at a later stage.

All papers of the subject for which an enquiry is being submitted must be for the same service. For example, you cannot request Service 2S for one paper and Service 1 for another paper, if they are components of the same subject. Students cannot submit applications for internally assessed components (i.e. coursework).

Resits

November and January sittings:

Cambridge International offers IGCSE and GCE exams in November. Pearson/ Edexcel offers IGCSE exams in November and IAL exams in November and January.

Students wishing to resit exams during these sittings will need to register with the British Council or any other centre that can accept private candidates.

Year 6 students re-siting exams need to add the **IAS cash-in code** for the subject they are registering. This is extremely important for their predictions. The cash-in code is mentioned on your Statement of Results:

AWARD XMA01 MATHEMATICS

It is extremely important to mention your Pearson UCI number when you register out of school for exams. You can find your Pearson UCI number on your Statement of Results.

If you do not inform the alternative exam centre upon registration that you already have a Pearson UCI number, they will automatically issue a new number for you. When a student has more than one UCI numbers, this would mean that not all units would be banked under the same person in Pearson's records and thus, the student will not be able to receive the corresponding IAL certificate when the time comes.

Students interested to resit Cambridge IGCSE, November sitting: note that the registrations deadline is usually very early in September, as exams are held late October /early November. Therefore, it is very important you process your online registration with the British Council the soonest possible.

Please refer to British Council's website for more information, such as availability of exams, relevant deadlines and online registration. Kindly note that the British Council offers a limited range of exams during the November and January sittings.

Pearson/ Edexcel and AQA – GCE and GCSE new applications or resits:

GCE and GCSE examinations are only available during the summer sittings.

Students who wish to resit any exams during the summer session, will need to inform the Exams Office accordingly before confirming their exams for the following academic year. The exams registration system usually opens end of November. Further information and relevant deadlines will be forwarded to you in due time.
